KNOCKNINNY SUNDAY NEWSLETTER

30th September 2018

Twenty-sixth Sunday in Ordinary Time

Reflection '... more than bureaucrats and functionaries, the Church needs passionate missionaries, enthusiastic about sharing true life. The saints surprise us, they confound us, because by their lives they urge us to abandon a dull and dreary mediocrity. Let us ask the Lord for the grace not to hesitate when the Spirit calls us to take a step forward. Let us ask for the apostolic courage to share the Gospel with others and to stop trying to make our Christian life a museum of memories. In every situation, may the Holy Spirit cause us to contemplate history in the light of the risen Jesus. In this way, the Church will not stand still, but constantly welcome the Lord's surprises.' Pope Francis, *Gaudete et Exsultate*

Be tolerant

In the second reading from St James today we hear of a condemnation of the rich who exploit the weak. This theme carries on to the gospel where Jesus has harsh words for anyone who would try to bring down 'the little ones'. It is a lesson in tolerance. As we approach the end of this annual celebration of the Season of Creation let today's gospel be a call to care for the weak and vulnerable. Through our exploitation of the earth's goods it is the poorest of the world who suffer. Let us always be conscious of our responsibility to be stewards of creation, to connect more deeply with the wonderful world around us, to take action against all that threatens our natural environment.

In a few days we celebrate the **Feast of St Francis Thursday 4th October**, patron saint of ecology. Perhaps a local clean up, trying to go plastic free, we can mark this special time in some way and embrace our role as stewards of creation.

'God of love, show us our place in this world as channels of your love for all the creatures of this earth, for not one of them is forgotten in your sight. Enlighten those who possess power and money that they may avoid the sin of indifference, that they may love the common good, advance the weak, and care for this world in which we live. The poor and the earth are crying out.' *Laudato Si'*, 245

Care of Creation Echoing the challenge of The Earth Charter 2000: Let ours be a time remembered for the awakening of a new reverence for life, the firm resolve to achieve sustainability, the quickening of the struggle for justice and peace, and the joyful celebration of life. There is a nobility in the duty to care for creation through little daily actions, and it is wonderful how education can bring about real changes in lifestyle.
