On behalf of the Board of Governors and staff of St. Ninnidh's Primary School I would like to thank grandparents from near and far for their attendance at our Grandparent's Day celebration on Wednesday past. What a celebration!!! The children performed brilliantly and we are so proud of them. Grandparents were treated to a wonderful assembly from Mrs Grainger's Year 3 class, followed by music, poetry and dance from year 1 to year 7. It was enhanced by grandparents sharing their talents with the children of the school. A special word of thanks to Patsy Power and Hugh Brough who added a special touch to the celebrations. Thank you also to the PTFA for serving refreshments.

Rock Runners together with St. Aidans are holding their annual 10/5k run/walk on Sunday 24th February @ 1pm registration starting @ 11am in St. Aidans. Please come along and support this local event. Great prizes and refreshments for everyone.

Day of Prayer for Victims and Survivors of Abuse Friday 15th February.

A liturgy for the lighting of the 'Candle of Atonement':

The annual Day of Prayer for Survivors and Victims of Abuse takes place on Friday 15 February 2019, just one week before the historic gathering in Rome hosted by Pope Francis on 21-24 February Rome to discuss the safeguarding of minors in the Church. We ask for your prayers for all those who have been hurt by abuse in the Church. We pray for Pope Francis and for the success of the meeting in Rome at which senior bishops and religious superiors from around the world will be attending.

We invite you to join us for a liturgy to bless and dedicate a new 'Candle of Atonement' in the Cathedral of SS Patrick and Felim, Cavan. This Candle will be lit in our **diocese** as a reminder of the need for atonement and to symbolise repentance, light in the darkness and hope."

Fifth Sunday in Ordinary

Walking with the Lord

Last July and August, hundreds of people took part in 'Walk While You Can', a walk from Letterkenny, County Donegal to Ballydehob, County Cork, to raise awareness and funds to support those with Motor Neurone Disease. The event was the brainchild of Fr Tony Coote, a priest of the parishes of Kilmacud and Mount Merrion in Dublin, who made the decision to walk the length of Ireland after himself being diagnosed with MND. His boundless energy and zest for life, even in the face of terminal illness, struck a chord with many. People were inspired by his faith. Speaking during an interview on The Late Late Show, Fr Tony said: 'I haven't much time left, I know that. But I believe in a loving God; I don't fear death.'

Fr Tony is an example of someone who is following Jesus as a disciple, while also bringing others to Jesus. In his years as a priest he has preached and lived the Gospel, and since this massive change in his health and circumstances he has found a way to spread the Good News in a new way.

His story came to mind as I reflected on today's Gospel, which tells the story of the call of Peter. We are often struck by how the first disciples 'left everything and followed him'. Are we expected to do the same? Only a rare few will literally leave behind home, friends and family. But following Jesus does require us to offer our whole selves, whatever our circumstances. Whatever our position in life, we have something unique and great to offer.

Feast of Our Lady of Lourdes 11th February and World Day of Prayer for the Sick

'The Church's maternal vocation to the needy and to the sick has found concrete expression throughout the two thousand years of her history in an impressive series of initiatives on behalf of the sick. This history of dedication must not be forgotten. It continues to the present day throughout the world. In countries where adequate public health care systems exist, the work of Catholic religious congregations and dioceses and their hospitals is aimed not only at providing quality medical care, but also at putting the human person at the centre of the healing process, while carrying out scientific research with full respect for life and for Christian moral values. In countries where health care systems are inadequate or non-existent, the Church seeks to do what she can to improve health, eliminate infant mortality and combat widespread disease. The image of the Church as a 'field hospital' that welcomes all those wounded by life is a very concrete reality, for in some parts of the world, missionary and diocesan hospitals are the only institutions providing necessary care to the population.'
